

2020

Eligibility, Submission Requirements,
Rules and Regulations

About the Women and Drones Global Awards Program

2020 marks the fourth annual Women To Watch (WTW) Global Awards initiative. Our individual awards recognize the amazing women who are developing and implementing innovative solutions, leading people and companies, shaping regulation and policy, educating our future workforce, positively influencing public perceptions of UAS, and serving as inspirational role models for us all.

Our team awards celebrate a group, company, agency or organization that actively encourages and inspires women to disrupt and innovate within the UAS industry.

The initiative will conclude with the live global announcement at the [InterDrone](#) conference in Dallas, TX at the Hyatt Regency during the Women In Drones annual luncheon on Wednesday, August 19, 2020.

Review our impressive past honorees and their accomplishments:

[2019 Individual](#) [2019 Team](#) [2018](#) [2017](#)

The 2020 program recognizes four individual award and two co-ed team categories:

The Individual Award categories are:

- Education
- Entrepreneurship
- Leadership
- Public Safety/Service

The Team Award categories are:

- Humanitarian
- Innovation

The two team awards acknowledge organizations/companies that in their pursuit of excellence embrace diversity and have a culture of inclusiveness where women are engaged in key roles on their team and/or in leadership positions.

Multiple honorees may be selected for any category based on sponsor funding for a category.

A panel of international judges will review the nominations to determine the honorees.

You're invited to be a part of this unique opportunity to engage with the leading women in the drone space.

Eligibility, Submission Requirements, Rules and Regulations

- Our team awards are open to any organization actively engaged in the UAS/UAM industries. Eligible organizations include businesses, government agencies, nonprofits, etc.
- Nominees for the team categories must have at least one woman actively involved in the project or initiative.
- Team nominations can be comprised of co-ed (female and male) or all female members.
- The Individual Awards nominees must be a woman actively engaged in the UAS/UAM industries.
- Previous honorees can be nominated if involved in a venture different from one that was previously recognized by the Women And Drones Awards program.
- Being a Women And Drones member is not a requirement.
- All honorees (individual and teams) will be announced through the Women And Drones communication platforms including website, press release, e-newsletter, social media and member communication.
- The honorees for the individual awards will receive a trophy and each team will receive a team trophy. All trophies will be presented on stage during the live global announcement at the InterDrone conference in Dallas, TX on August 19, 2020
- All honorees (individuals and teams) will receive an e-promotional kit which may be used for press releases, collateral material, social media, etc.
- Nominations must be submitted online via Submittable, our cloud based online submissions platform.
 - Submittable is free and requires a separate account registration to access the nomination form.
- You may nominate an individual or team for more than one category however, each nomination requires a separate online entry submission.
- Your entry entitles Women And Drones the rights to use company names, logos and images for promotional materials created by or for Women And Drones.
- Your entry in the awards process indicates an agreement to abide by the Women And Drones Submission Requirements, Rules and Regulations.
- Women And Drones reserve the right to interpret and apply these rules and regulations without claim for damage or recourse of any kind.
- The decisions of Women And Drones and the judges are final.
- Any updates to the submission requirements, rules and regulations will be added to this document on an as needed basis.
- If you experience any issues while submitting a nomination, please email us at Hello@WomenAndDrones.com. We will respond as soon as possible.
- **The submission deadline is Thursday, May 14, 2020 at 11:59 pm CST.**

Make a difference in the UAS/UAM industries by helping us acknowledge and celebrate the incredible women and teams who are leading the way for all of us!

In recognizing the achievements of a few, we hope to motivate many
